

AT MONASH, EXCELLENCE AND EQUITY IS NOT WHAT WE DO, IT IS WHO WE ARE.

At Monash, we are committed to ensuring our staff and students reflect the world we are working towards: diverse, inclusive, innovative and sustainable. We actively support women in senior roles, especially in the fields of science, technology, engineering, maths and medicine (STEMM). Our commitment is demonstrated by our participation in the Science in Australia Gender Equity pilot of Athena SWAN.

Above all, we value excellence, no matter where you're from. As the largest university in Australia, with an international reputation for driving change, you can be assured that we have a wealth of resources to support you and your research. Join us at Monash University, where great minds come together to shape the future.
